How November Got Its Name

November got its name from the Latin "novembris mensis," meaning "ninth month." Plutarch, a first-century Greek biographer and historian, attributed the change to the eleventh month to Numa Pompilius, a Roman king. "Many will say that it was Numa who added the two months of Januarius and Februarius, for in the beginning they had a year of ten months." Numa supposedly also shortened November to 29 days; Julius Caesar returned it to 30 days.

November Poem

**If you left your dreams behind,
If hope is lost,
If you no longer look ahead,
If your ambition's fires are dead-
Then you are old.
But, if from life you keep the jest,
If love you hold-
No matter how the years go by,
No matter how birthdays fly,
You are not old.**
